

I have to have KLOVE radion in my community. We have been so blessed by this station-their motto says it all; POSITIVE & ENCOURAGING! It is so wonderful to have this family-friendly station that plays wonderful, update Christian music with a message of love and hope for all who listen, and I believe we all need more love in our lives. This station, heard on 95.9 and 91.9 FM in my area is truly an asset to our community and to have any other station on in its place would be a travesty.
